

To Whom It May Concern,

My name is Prentice Parr and I am the Executive Team Leader of Assets Protection here at the San Bernardino Target on Sterling Avenue. I headed crowd control at our store for the Black Friday event this year, which proved to be extremely successful. I wanted to make sure that I recognized three of your people who really helped to make crowd control on the property a success.

Captain Edward Gomez was instrumental in making sure that the property was properly staffed with top quality guards at least a month a head of time. And the guards that he provided were truly *Outstanding*, and I do not use that word lightly. John Nguli and Anthony Lynn dealt with numerous security issues, but because of the way that they de-escalated the situations, these potentially serious issues were insignificant. Patrons continued to compliment these two on the way that they helped to implement crowd control on the property. At the end of their shift, I complimented them as well.

Thank You for your support this year, and we look forward to doing this with you all again next year!

Sincerely,

Prentice Parr
